A group of young people used to meet for their weekly meeting with the parish priest every Friday. During their last meeting, the parish priest expressed his wish to speak to them about how they should live as Christians, even when they are on their own. He started by showing them a videoclip of the visit of our present Pope in Madrid last summer for World Youth Day.

During one of the meetings the Pope had with youths, one young man who is preparing to become a priest told him that he always wished to love God with all his heart, but often found difficulty to bear witness to Christ in a world which does not give importance to God. He asked the Pope to pray for young people so that they keep loving Christ and manage to overcome the obstacles they meet along the way.

The Pope encouraged the youths because, although in our days it is difficult to live according to what Christ has done and taught in the Gospels, it is still possible to live a truly Christian life. The parish priest went on leading a discussion with the young people about this subject.
