g) The fabric of these dresses frays. Describe the main problems you are likely to meet when:

i. making and neatening seams:
   • ______________________________________________________________________
   • ______________________________________________________________________

ii. putting up the hem:
   • ______________________________________________________________________
   • ______________________________________________________________________

   (2.2 marks)

2. Knitted fabrics are a popular choice for many textile items, including garments.

   a) List four advantages of using knitted fabrics for textile items.
      • ______________________________________________________________________
      • ______________________________________________________________________
      • ______________________________________________________________________
      • ______________________________________________________________________

      (4 marks)

   b) State three points to be considered when stitching knitted fabrics.
      • ______________________________________________________________________
      • ______________________________________________________________________
      • ______________________________________________________________________

      (3 marks)

   c) Describe how knitted garments should be cared for.
      • ______________________________________________________________________
      • ______________________________________________________________________
      • ______________________________________________________________________
      • ______________________________________________________________________

      (6 marks)
3. These last few years, the recycling of textiles has become big fashion news.
   a) Suggest two different ways of recycling each of the following textile products.

   i. a hand knitted woolen jersey:
      • ___________________________________________________
      • ___________________________________________________

   ii. a denim jeans:
      • ___________________________________________________
      • ___________________________________________________

   iii. a large train of a wedding dress:
      • ___________________________________________________
      • ___________________________________________________

   (2, 2, 2 marks)

b) Why should the practice of recycling textiles be encouraged?
   • ___________________________________________________
   • ___________________________________________________
   • ___________________________________________________
   • ___________________________________________________
