Assessment of Portfolio – Guidelines

The Art Portfolio is to contain evidence of the **Study Skills:**

**Investigation, Documentation, Experimentation, Realisation and Aesthetic Awareness.**

**Investigation**
This deals with exploration, research and communication of ideas, feelings, thoughts and solutions about the theme being tackled.

**Documentation**
This deals with record keeping. The student records from experience, observation and imagination by drawing, photography, keeping notes and collections related to the work in progress. Documentation can take the form of keeping files, working diaries, journals and sketchbooks. It should also show the appreciation of artists’ works and art history.

**Experimentation**
This deals with discovering ways to put ideas and solutions into practice by using materials, tools and techniques in creative and innovative ways.

**Realisation**
The above steps lead to the creation of final works which could be an image, a form or a product.

**Aesthetic Awareness**
This deals with making connections to works of art, craft and design related to the work being carried out, using the visual elements and practising the right skills and techniques.

**Spontaneous and Intuitive Work**
The portfolio should also contain evidence of spontaneous and intuitive work where the student creates from personal experience and from the joy of handling materials and media.

All of the above should be in the context of the four units covered in the Form One curriculum namely:

- **The Magic of Line.**
- **A Kaleidoscope of Colour.**
- **Patterns Galore.**
- **Texture to See, Texture to Touch.**

The Art portfolio carries 25 marks out of 100. Look at the work in the portfolio in relation to the learning outcomes in the units as described in level 5, 6, 7 and 8. Then, decide on the overall level of attainment reached and assign the marks from the ranges indicated in the table below.
