

Accounting and Business Studies Form 4 Project Marking Criteria

As from scholastic year 2016/7, the Form 4 Accounting and Business Studies Annual exam will include a project which will be assessed by the teacher between October and March of each scholastic year. The project will be allotted 15 marks. The annual written exam held in June for both subjects will be 85 marks.

The project will tackle any area on financial literacy and/or entrepreneurship. The topic is selected by the teacher.

The 15 marks will be assessed as follows:

7 marks – between October and November

8 marks – between December and March

Assessment Criteria

a) November assessment - 1st part (on a group basis)

- Student's participation during the course of the project - between October and November (2 marks)
- Student's participation during the presentation of the activity at school - during the week in November (2 marks)
- Quality of the project – between October and November (1 mark)
- Influence/impact on students receiving the lesson – during the week in November (2 marks)

2 March assessment - 2nd part (on an individual basis)

At the end of November, each student is then expected to follow up the project he/she has worked in the first part with an individual presentation. The presentation can take any form from the following:

- i) A write-up
- ii) A chart
- iii) A powerpoint presentation
- iv) A video
- v) Any form of tangible evidence which can be easily identified and measured.

This is to be handed in by the second week of March.

- Depth of content (5 marks)
- Presentation of task (3 marks)
