Section F: Read the following passage and answer all the questions related to it.

It is not even necessary to arrive home to realise that our letter boxes have been filled with advertising pamphlets, which we have not asked for. Stepping out of the car, we feel as though the band of the village festa has just passed by. The ground is covered with several pamphlets containing whole pages of adverts. Arriving home, we find our letter boxes overflowing with leaflets despite the ‘no junk mail’ stickers which we had put up. In no time at all we throw them into the recycling bin. After all we would have already seen them along the road!
