

SKOLA INTRAPRIŹA

School outings and activities have suffered due to the COVID-19 related restrictions. We thought of still providing students with an interactive “out of school” experience which teachers can use in various ways to enrich the design of learning experiences.

Thanks to our collaboration with Malta Government Investments (MGI), we are organising a number of Klabb sessions where students will be provided with the opportunity to learn about different career paths and interact with a number of leading personalities and key people. The sessions include:

Session	Date & Time	Speaker	Recommended audience	Ages
