

INTEGRATED SCIENCE
FORM 2 / YEAR 8 LOs QUALITATIVE FEEDBACK
CCP

SCI CCP LOF 8.1 - Unit: HEALTHY LIVING

- I can choose a balanced diet from a sample of different presented diets.
- I can link certain foods with healthy or unhealthy diets.
- I can identify bad eating habits, lack of exercise and smoking as unhealthy habits.
- I can identify basic hygiene procedures as a way of preventing spread of microbes.

SCI CCP LOF 8.2 - Unit: INVESTIGATING CHEMICALS

- I can name some examples of chemicals.
- I can carry out chromatography as a way of separating colours.
- I can remove insoluble substances in water through filtration.
- I can link some changes such as production of a gas or change in colour as an indicator of a chemical change.

SCI CCP LOF 8.3 – Unit: FORENSIC SCIENCE

- I can make simple observations of a situation.
- I can identify some types of human teeth.
- I can compare colours from a flame test with some examples of colours from different chemicals.
- I can use a Newton meter to measure forces.

SCI CCP LOF 8.4 - Unit: FIELDWORK

- I can give some examples how the 3Rs may be used.
- I can identify some ways how pollution may be reduced.
- I can carry out some observations during a fieldwork activity.
- I can link examples of human behaviour as examples of positive or negative impact on the environment.

SCI LOF CCP 8.5 - Unit: EARTH AND SPACE

- I can recall the number of days in a year and the number of hours in a day.
- I can use a model or drawing to describe the orbit of the Earth around the Sun.
- I can name some planets of the Solar system.
- I can describe the Solar System as made up of the Sun and the planets orbiting it.
